# EDUFLOOR GAME PACKAGES

2024

[WWW.MULTIEDU.EU](http://WWW.MULTIEDU.EU)

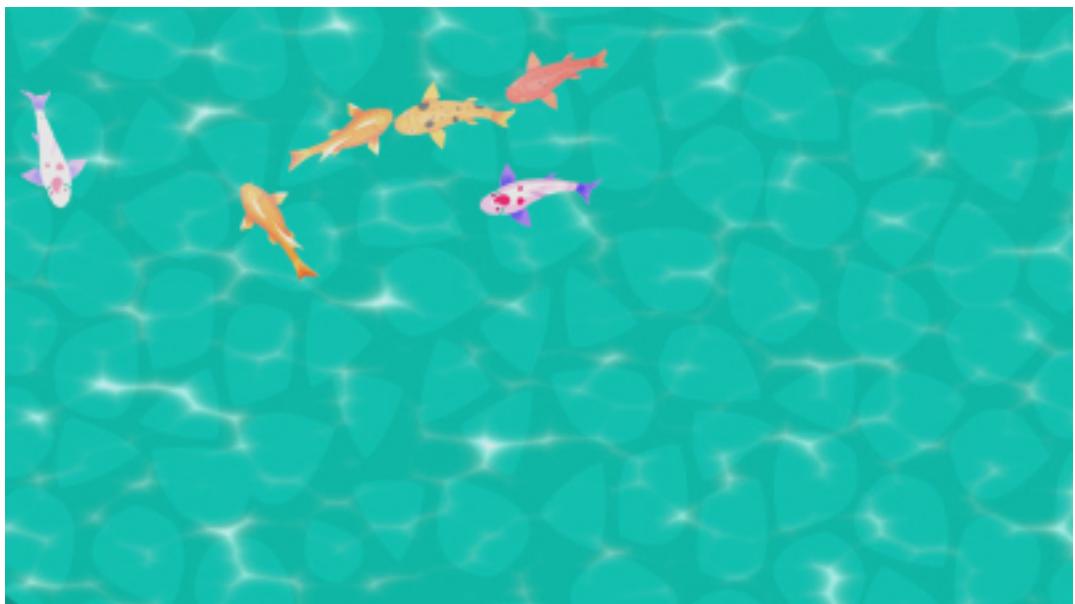

Fun Package  
21 games

## Pond

Water is an intuitive application, giving a lot of scope for use. This game is the best way to get to know the interactive floor! Water is used in physical and revalidation games and in specialist activities, such as speech therapy.

### Water with fishes

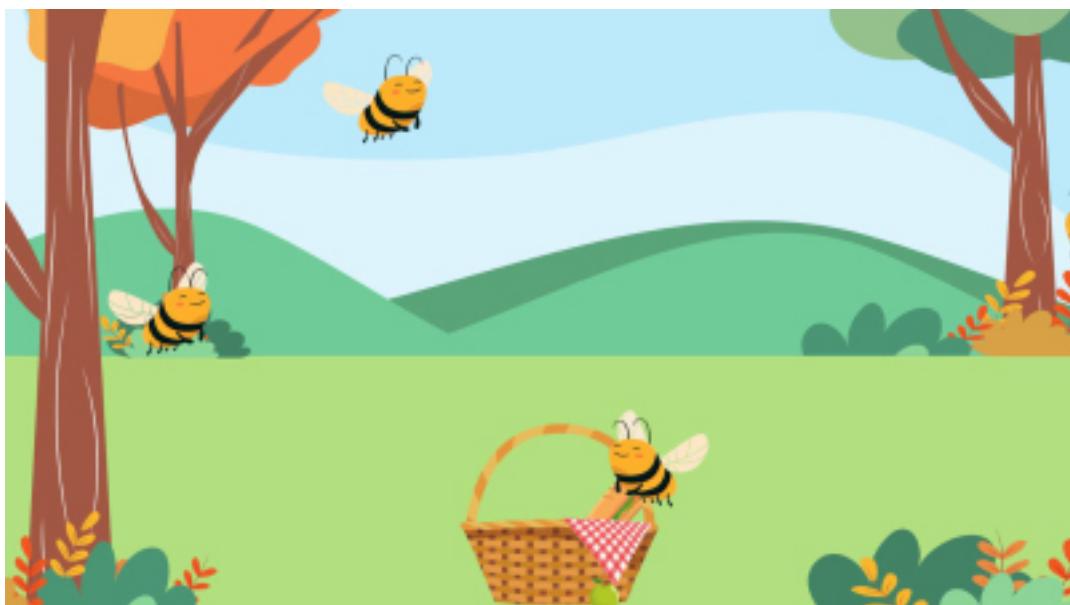

Colourful fishes swim in the pond. You can observe them, try to count them, or choose one of them and track its behaviour. You can also jump into the pond and splash in the water. Try to catch all the fishes, will you succeed?

## Balloons

Try to pop as many balloons as quickly as possible. Invite others to play with you. Jump, move, swing your arms and legs! Try to pop all of them!

## Chasing away insects

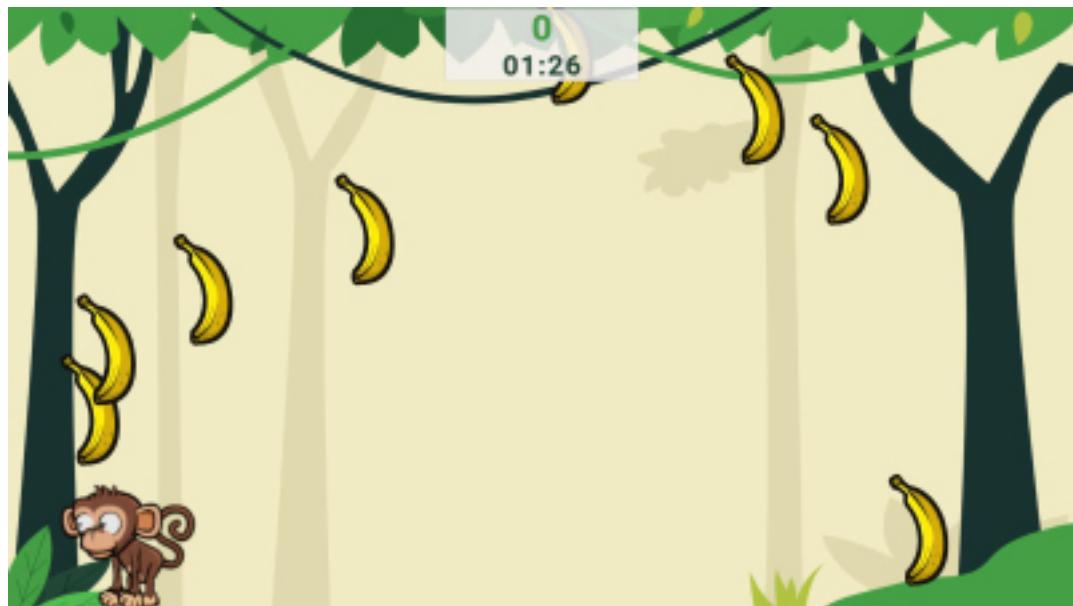

You and your friends went on a picnic. A basket filled with sweet treats attracted wasps to it! Watch out for them and carefully shoo them away from the basket. Note that from time to time Lord of Wasps will try to pick himself up in the basket. Team up and try to chase him away together.

# Jellyfish

Jellyfish are trying to rise from the depths to take over the sea. Catch as many of them as you can! Jump on them or wave your arms or legs over them. Watch out for the giant Medusa Leader that shows up from time to time. You will defeat her by rapid swings over her.

## Collect bananas

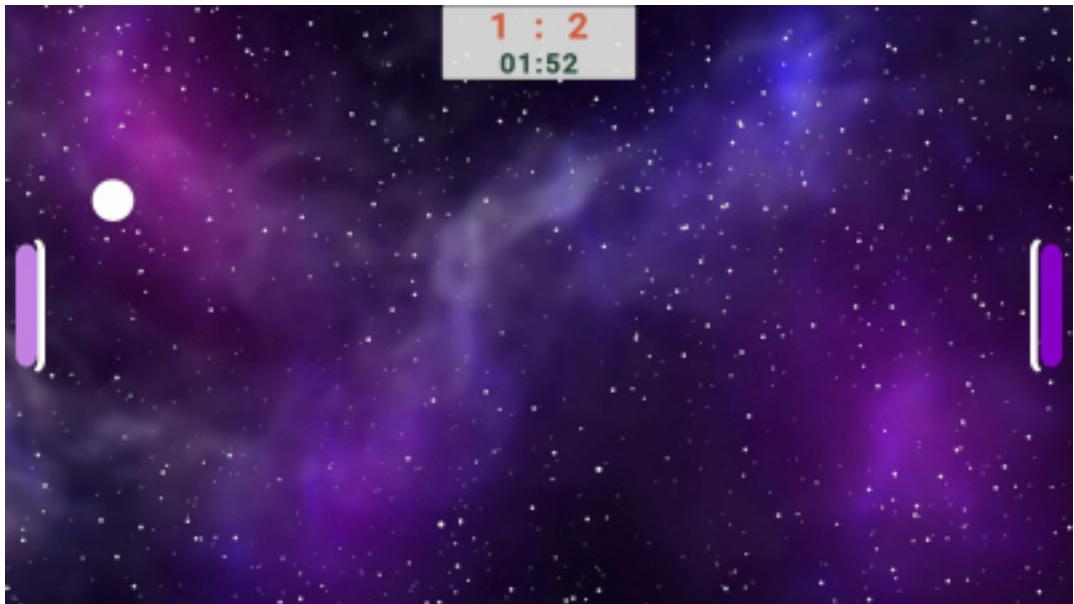

Try to collect the falling bananas from the trees before they fall to the ground. Hurry up because the monkey also wants to collect bananas for breakfast, and she may be the first to get them! Count how many bananas you managed to catch!

# Colouring

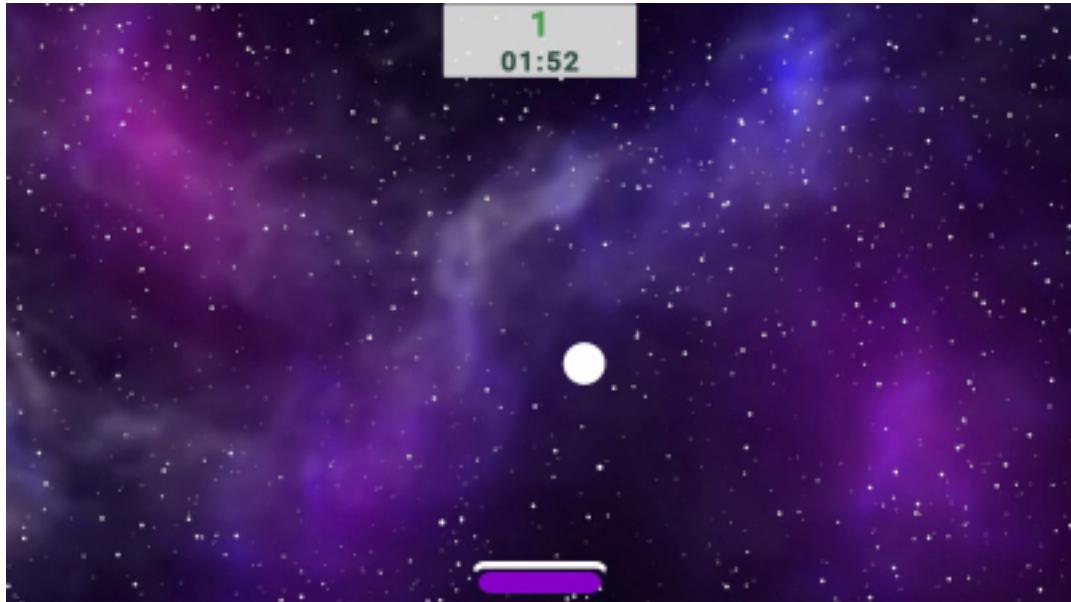

After a failed spell on fairy tales, the Wizard tried to hide the animals under the veil! Quickly, alone or in a group, try to free the animals as quickly as possible. When you recognize what kind of animal it is, start making the sound that they make themselves!

## Pong rivalry

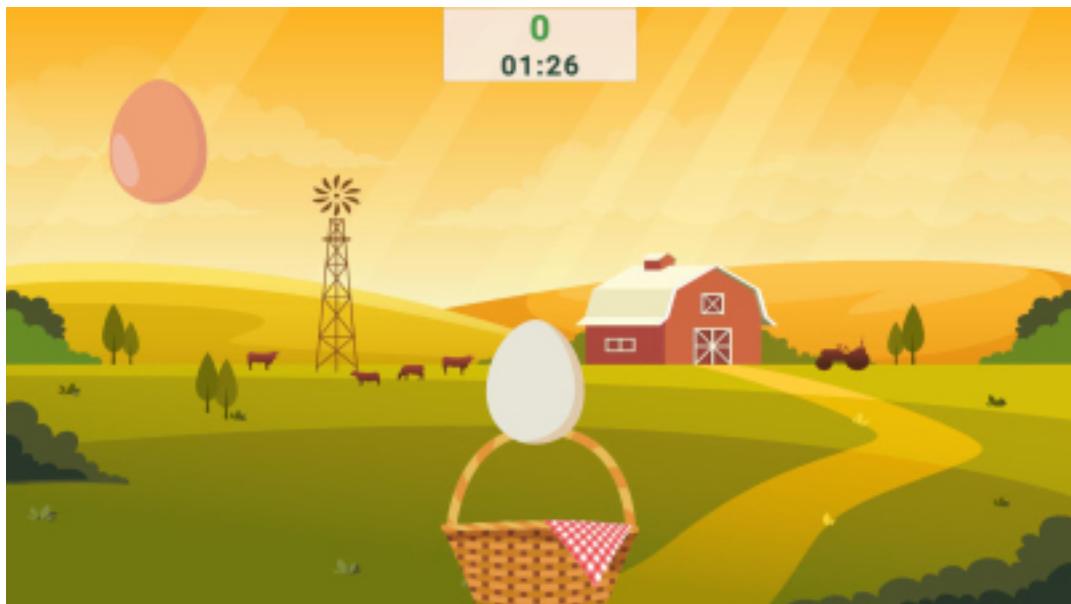

Do you know how to play ping pong? You have the computer version in front of you. Each of the two players tries to hit the approaching ball with their paddle. You can also try to hit the ball so that it bounces off one side and changes the angle of flight so that you will confuse your opponent!

## Pong

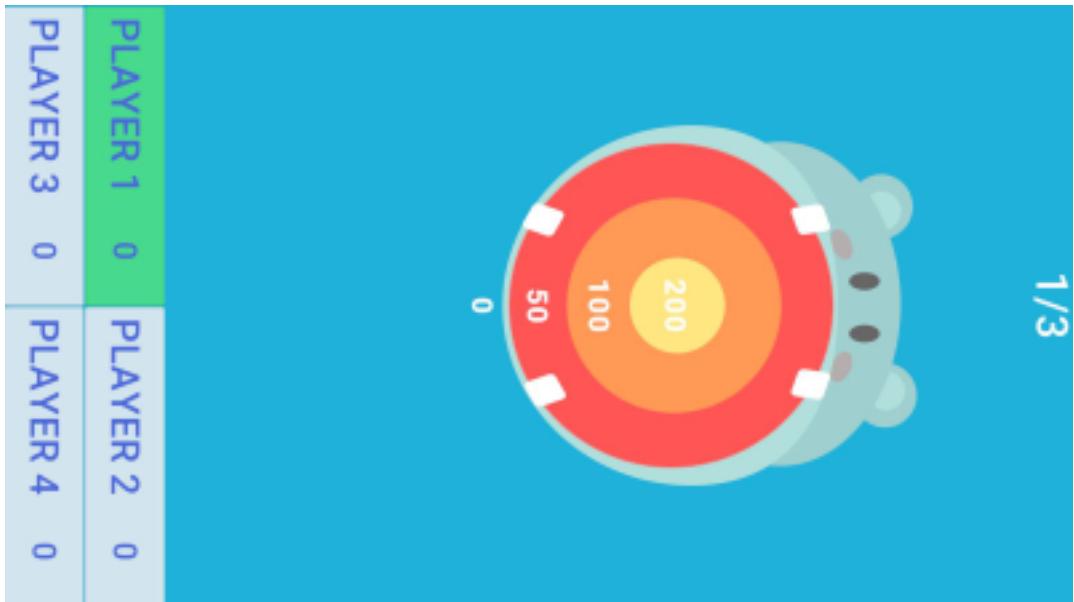

Many tennis and table tennis players spend many hours hitting the ball with a racket against the wall. You also have that option in this game. How many times have you hit the ball against the wall? Can you count these beats aloud? Who is the master of this game in your group?

## Catching eggs

The farm is home to a flock of happy hens that lay a lot of eggs every morning. Try to collect them all in your basket so that none of them fall to the ground! It would be a shame for them to go to waste!

## Four players dart

Throw the bag in the mouth of the hippo. Who will get the most points?

## Snow

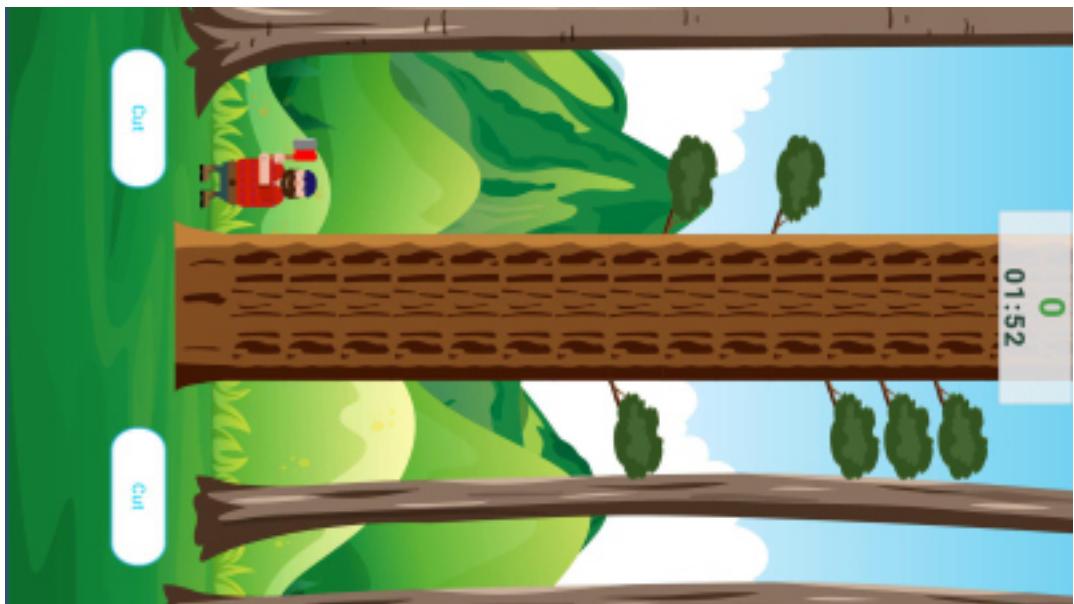

A lot of snow has fallen, we need to sweep it away before it covers us. Snow is falling all the time, I wonder if it will be possible to uncover the whole board

# Fairytales

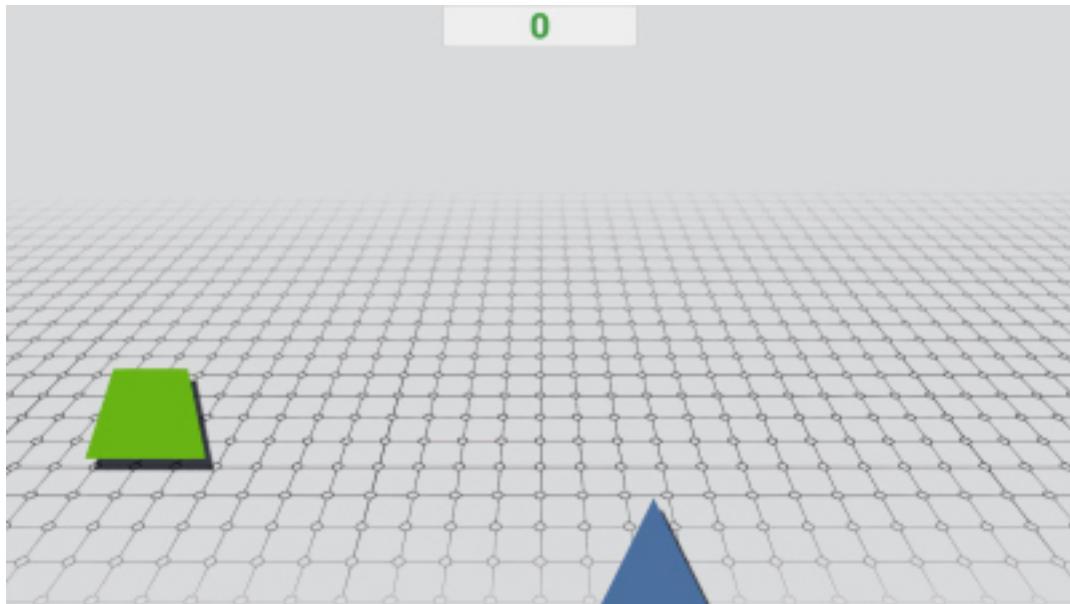

The evil wizard has cast a spell on fairy tales! They have been covered so that you do not know what fairy tale is shown. Try to remove the cover as soon as possible. If you guess what fairy tale you are discovering, say its title out loud!

## Lumberjack

"Lumberjack" is an interactive game in which the player takes on the role of a lumberjack working in the forest. The object of the game is to cut down as many trees as possible. Press the indicators to the left and right of the foot of the tree alternately.

## Geometric figures

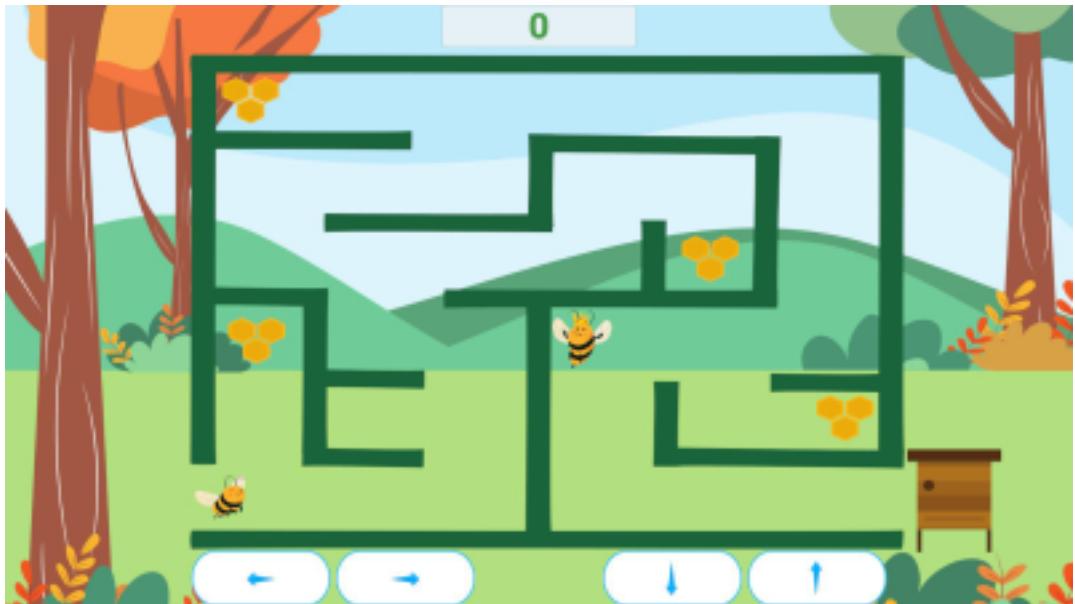

There are different types of geometric figures in the game, such as triangles, squares, circles and rhombuses. The player captures these pieces, and at the same time learns their names and memorizes their appearance.

## Inflating balloons

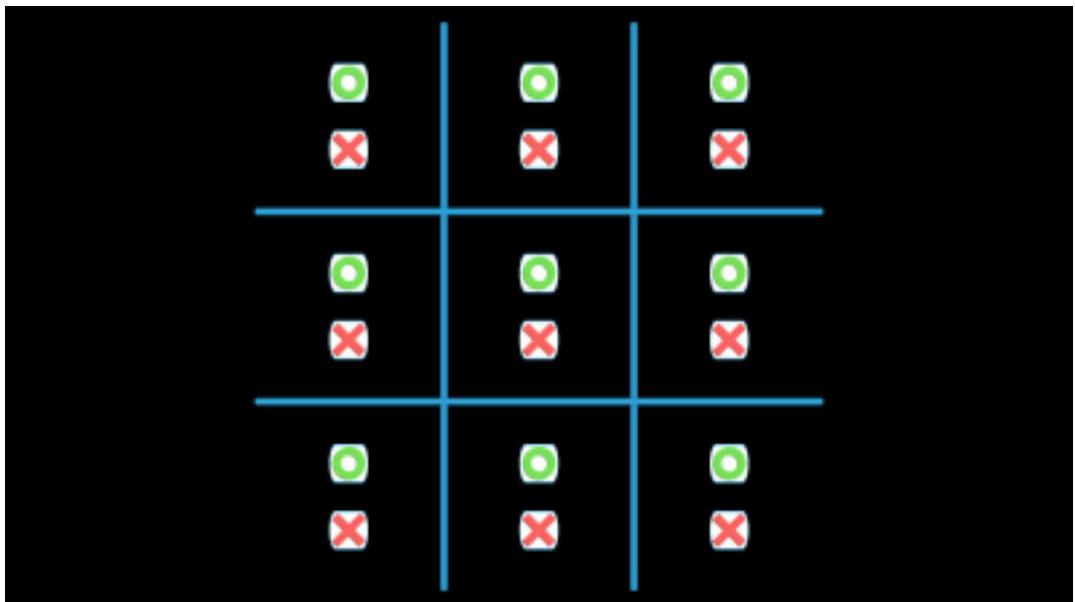

A game for two players. The players have to inflate their balloon as quickly as possible. Player "blows" by waving and moving as fast as possible.

## Maze

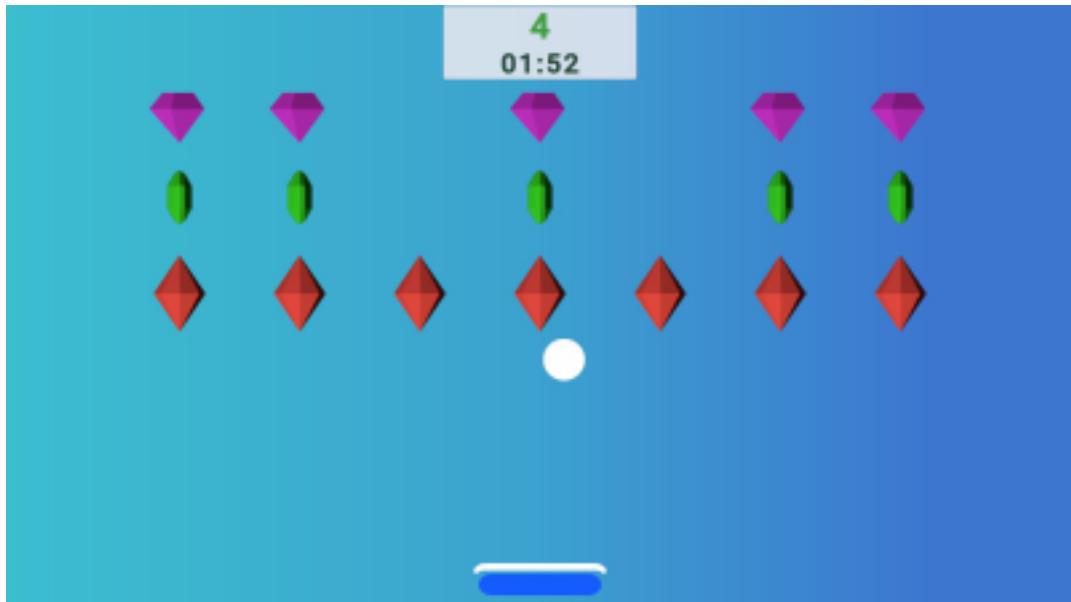

An arcade game, which consists in controlling the Bee in such a way as to avoid meeting the wasp king. We move the bee using the displayed keys.

## Tic-tac-toe

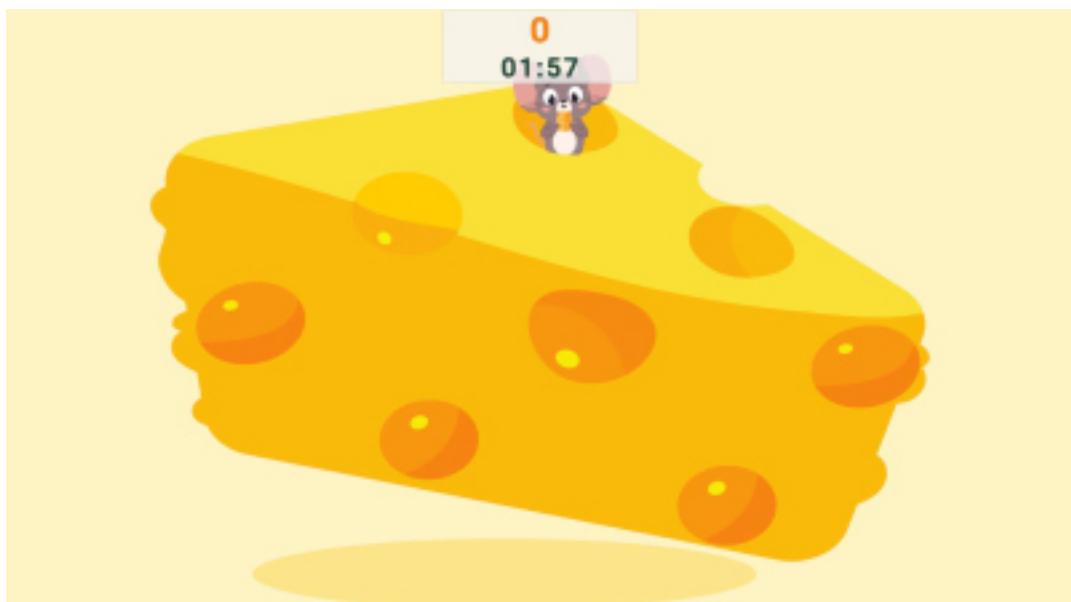

Tic-tac-toe is a game that consists in placing signs (ticks or crosses) on a board consisting of 9 fields in a 3x3 arrangement. Players take turns placing their marks, aiming to line up three of their marks horizontally, vertically or diagonally. The first player to line up three of their characters wins.

## Pong Diamonds

Enter a world full of sparkling stones in the game Catch Diamonds. Your goal is to collect all the diamonds that have spilled. Your speed and agility will help you reach each diamond.

## Catch a Mouse

In this game, you enter the world of a fun and exciting adventure where your goal is to catch a mouse cleverly hiding in a giant cheese. A challenge awaits you – a cheese of enormous size, full of nooks and crannies that the mouse can use to avoid capture.

## Air Hockey

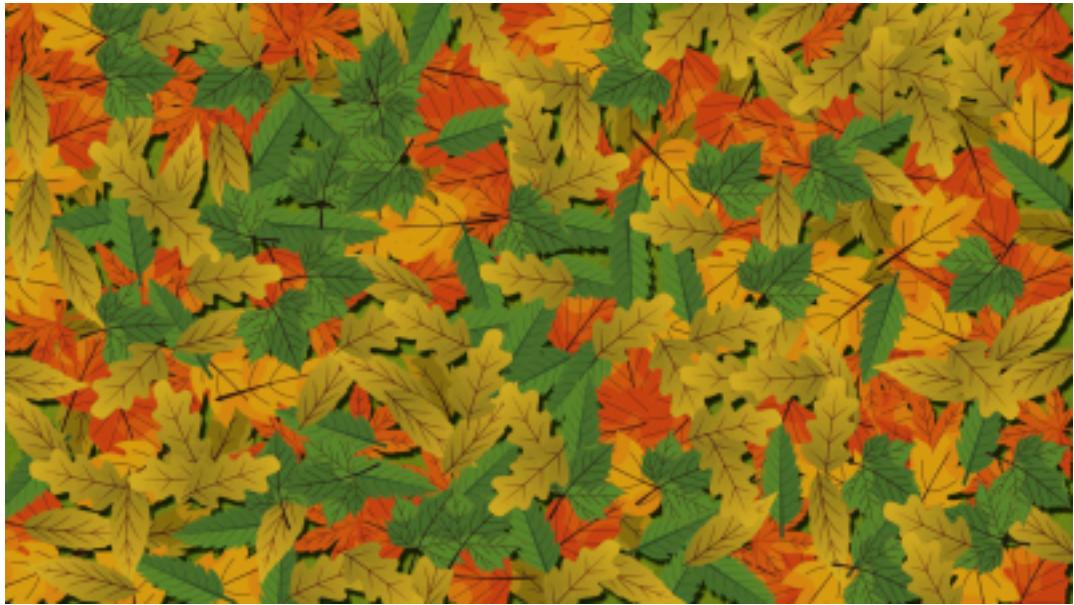

The game takes place on a virtual board. The aim of the game is to bounce the virtual puck around the board, so that the opponent does not manage to bounce it. If this happens, the player gets a point. The player with more points wins.

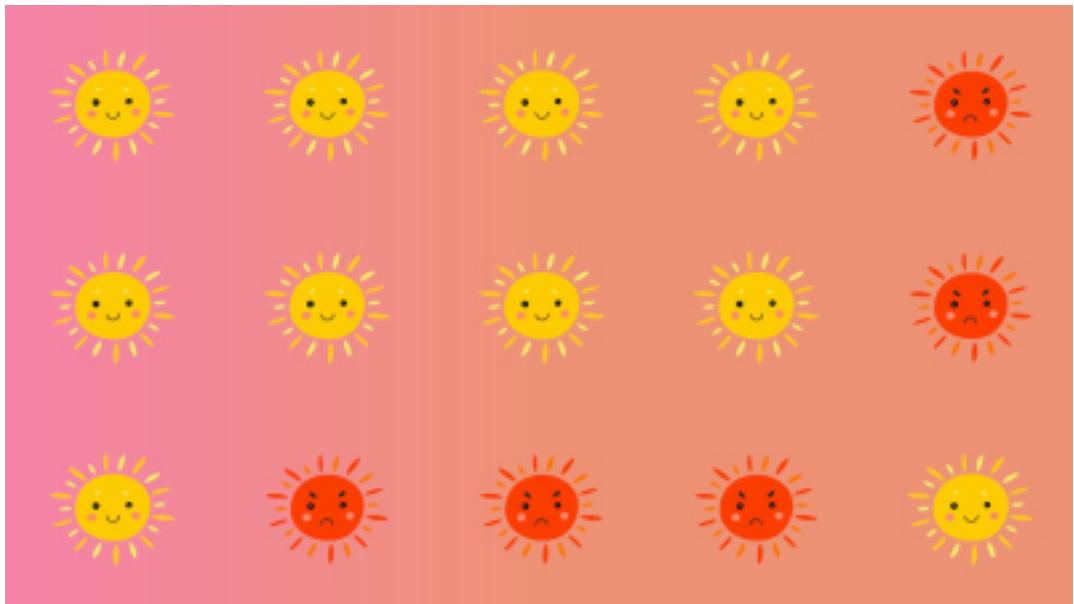

Rev Package  
21 games

## Leaves

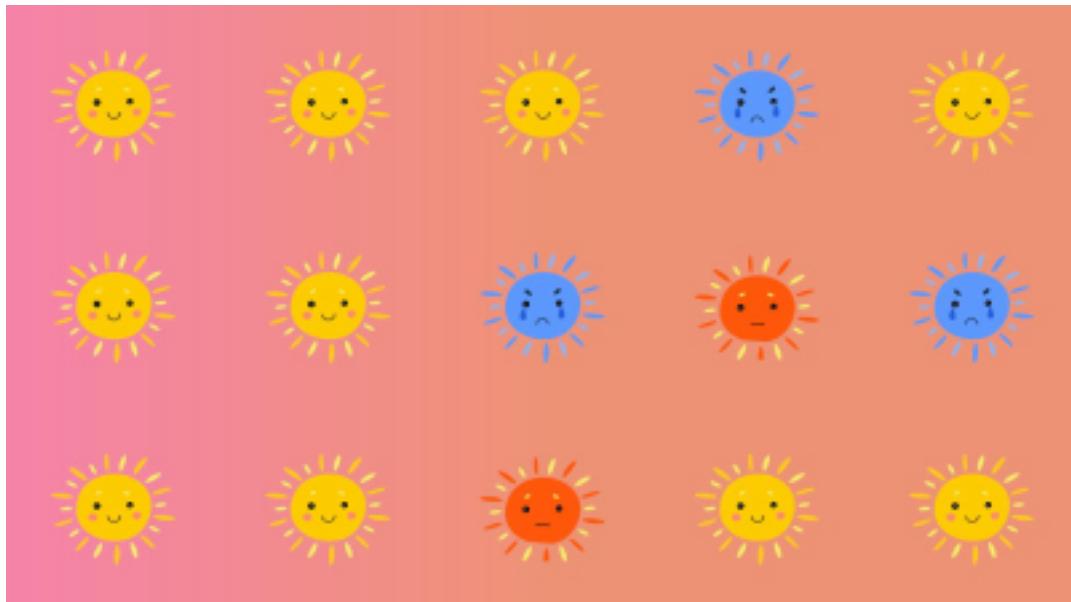

In autumn, the leaves fall from the trees. Try to clean them up. You can use your arms and legs for this, and even a brush. The unruly wind is blowing leaves again, so ask the other kids to help you! Do you know what trees these leaves fell from?

## Emotions

Disenchant the Evil Suns and make them happy again. Wave your hand or stamp your foot on the evil Sun, and it will instantly cheer up. Will you be able to cheer up Sun, and for how long?

## Emotions 2

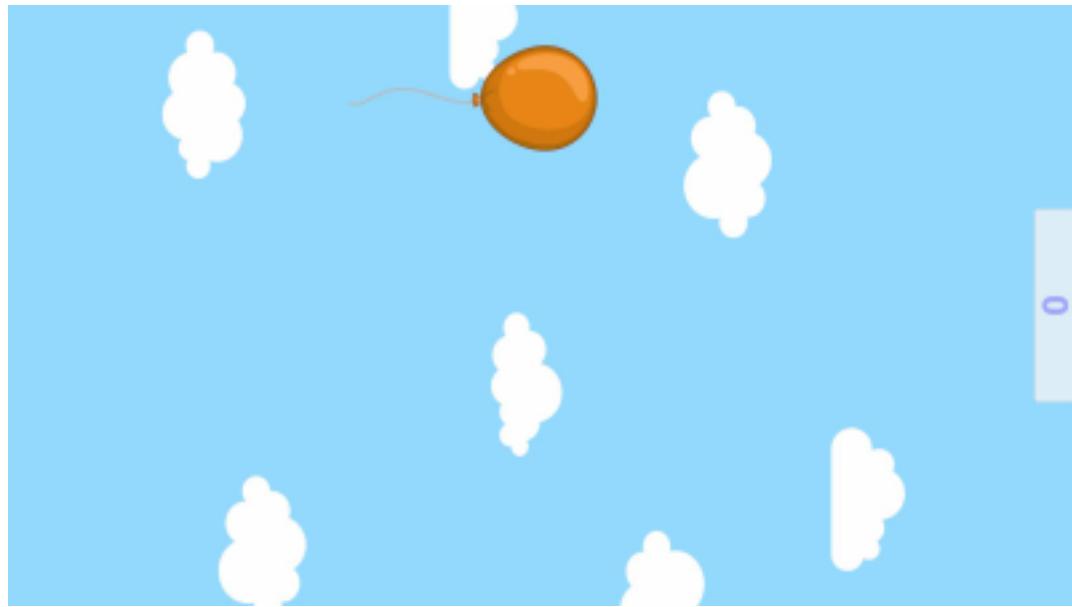

Make all the Suns happy again. Wave your hand or stamp your foot on the sad Sunny, and it will immediately cheer up. Will you be able to cheer up Sun, and for how long?

## Piano

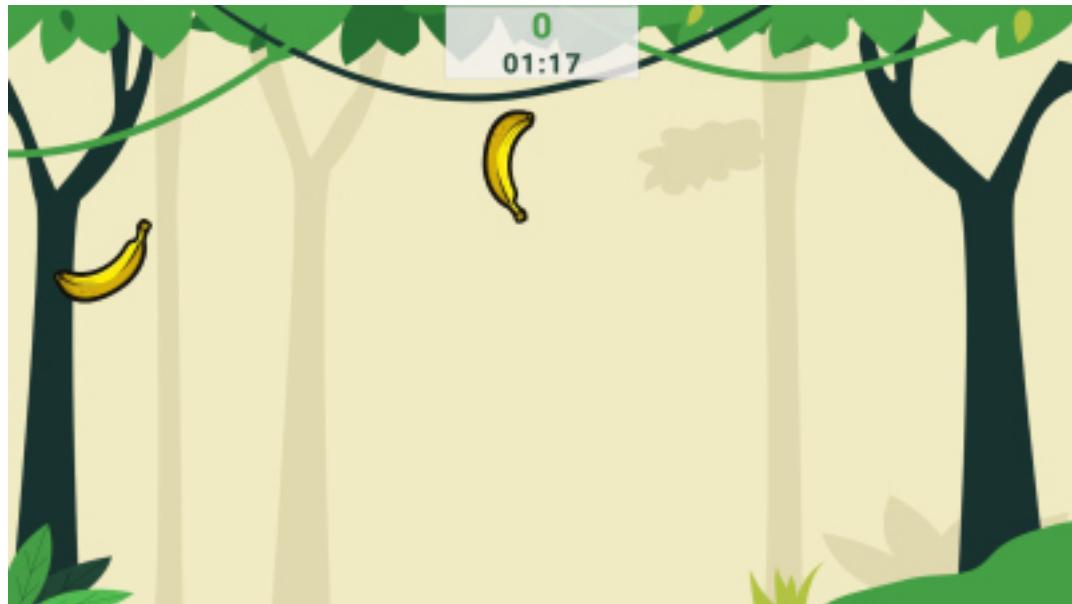

Create your own unique melody from notes that you tap on the keys with your feet or hands. The piano gives many possibilities to use the sounds for various games and exercises.

## Single balloon

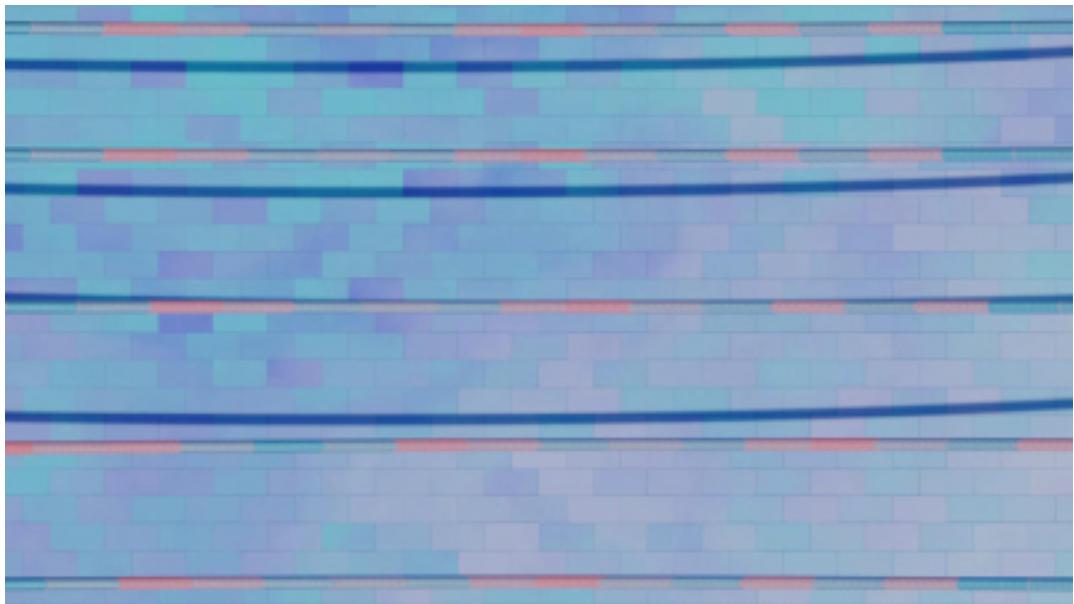

The Balloons application is set in landscape orientation. It is used to revalidate children by giving them more time to react. Therefore, the balloons appear one at a time at appropriate intervals. A simple background is to help the game participant focus only on the balloon.

## Collect bananas

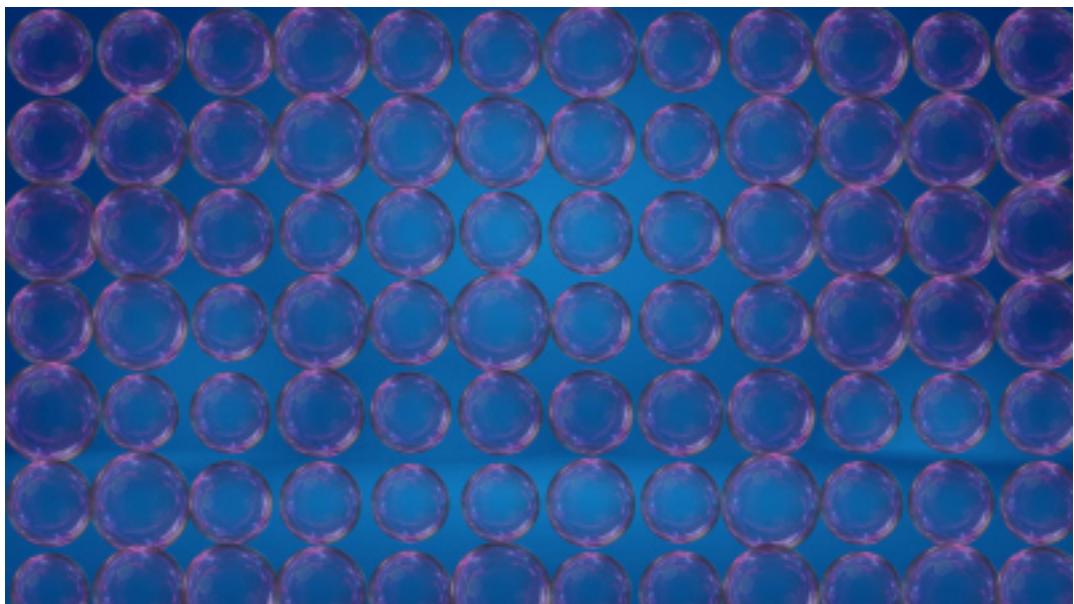

Bananas fall from the trees and fly in different directions. How many can you catch? Ask other children to help you! Can you count how many bananas you have caught at the same time?

## Pool

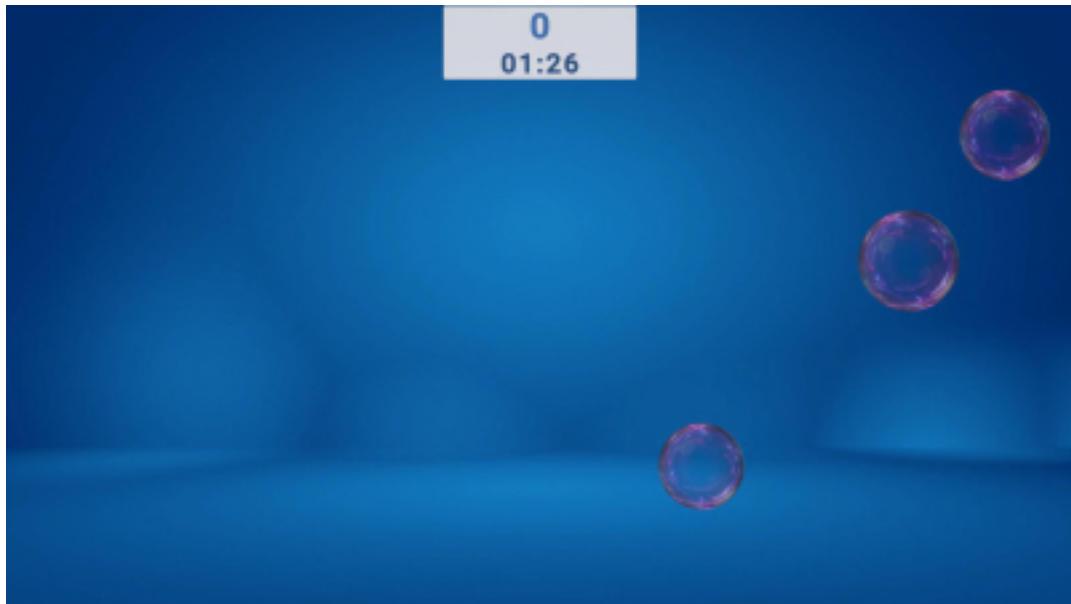

Jump, move your legs and arms! You can even lie down! Just watch out for other participants in the water fun! You can also arrange "lifebuoys" and jump over them to the other side so as not to fall into the water.

## Soap bubble carpet

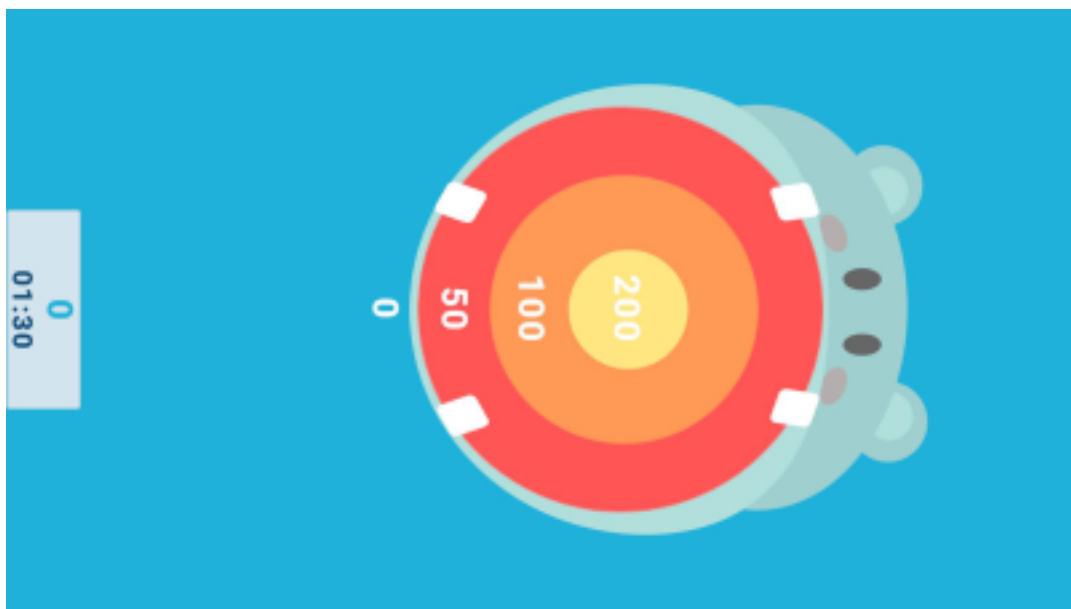

Children are very fond of soap bubbles. Especially smashing them and watching them pop. Do you also like them? Run, jump and move as fast as you can to pop them all!

## Soap bubbles

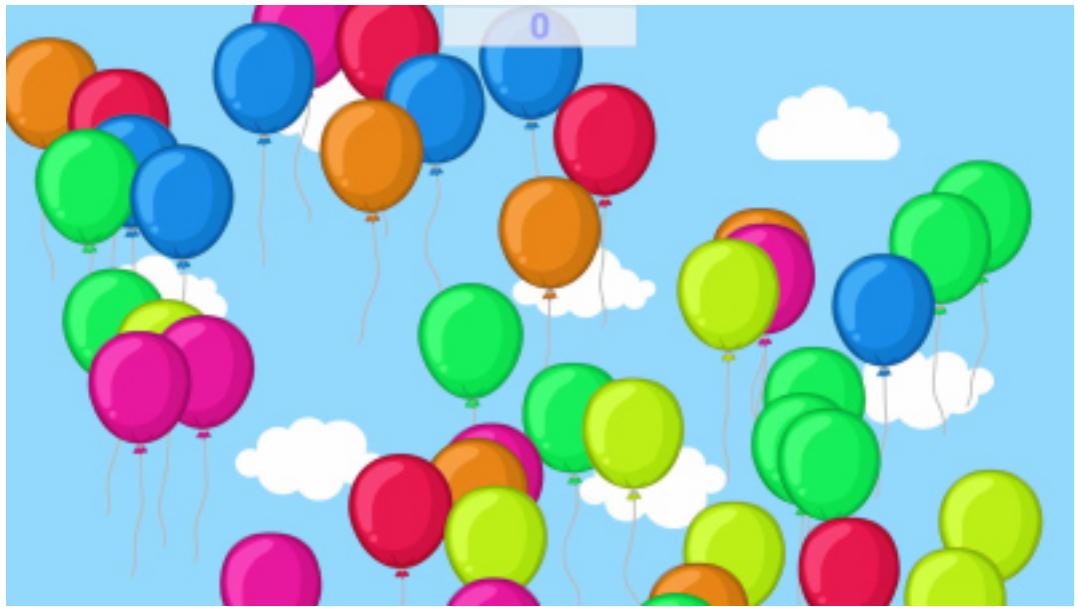

Bubbles, bubbles, bubbles everywhere! Try to pop as many of them as possible! Can you remove them all? It's a tough job, especially since new bubbles are being produced all the time!

## One player dart

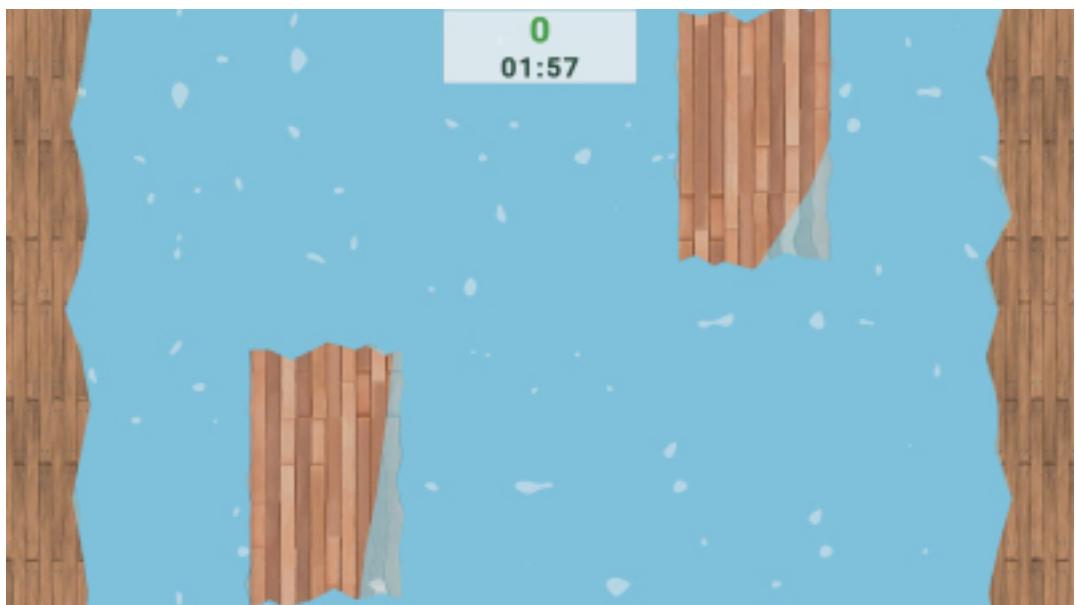

Throw the bag at the hippo's mouth. Get as many points as possible

## Lots of balloons

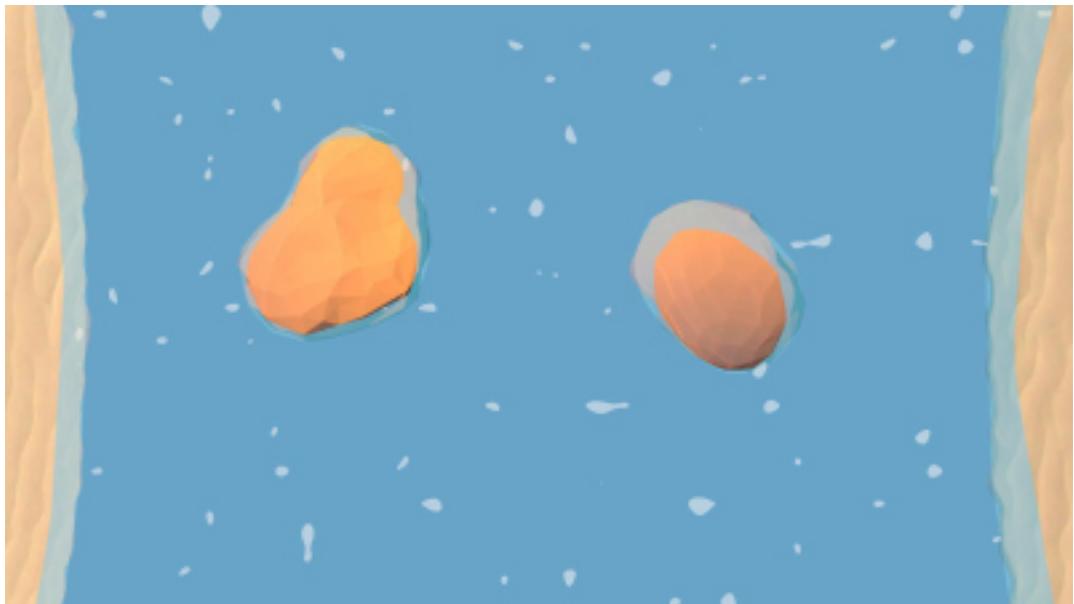

Balloons, balloons everywhere! Everyone jumpin and try to pop as many of them as possible so that none escapes from you. Just be careful!

## Boards

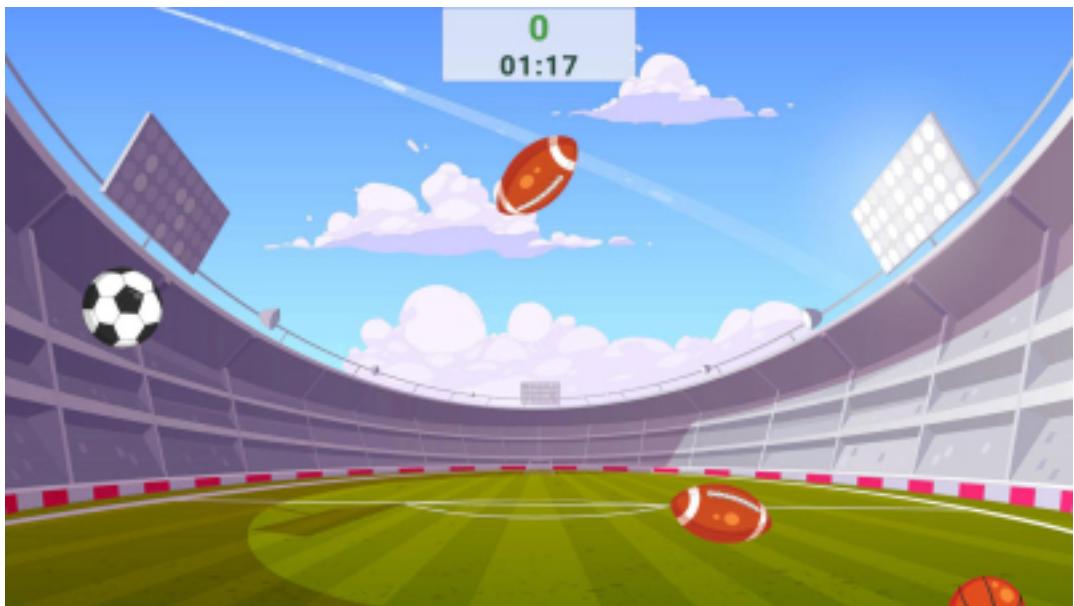

Time for another river crossing. This time, instead of stones, you have to walk over the footbridges. They also appear and disappear in the water. Walk without getting your shoes wet!

## Waterway

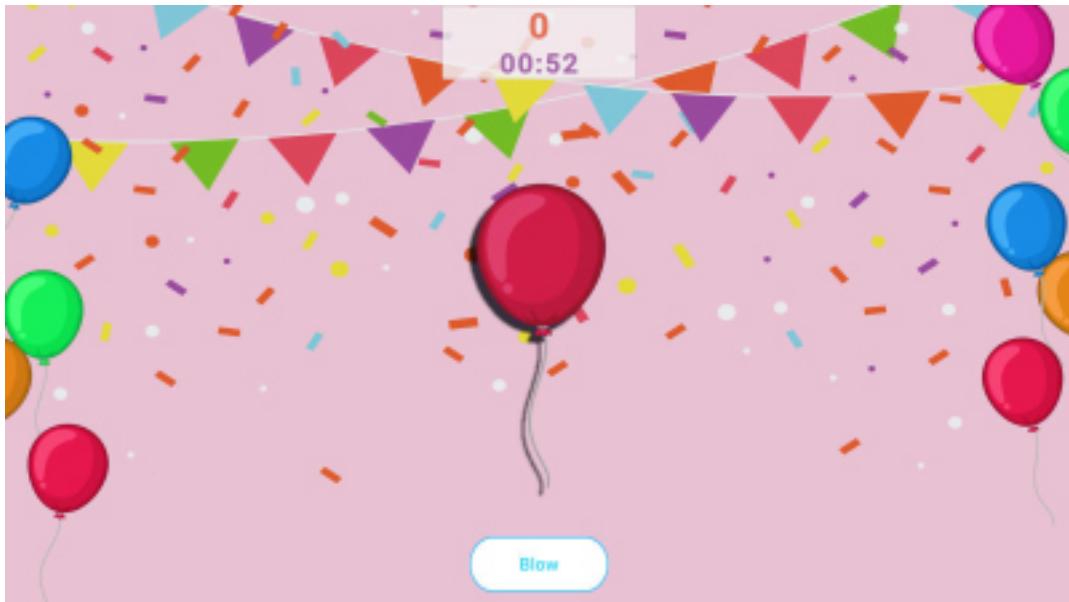

Stones appear and disappear in the water, creating a path for you to cross. Can you jump without getting your shoes wet! Be careful and watch, and at the same time try to get to the other shore as quickly as possible!

## Balls

It's an addictive and dynamic game that requires quick reaction and coordination skills. The aim of the game is to knock down as many different types of balls as possible and as quickly as possible.

## Inflating balloons

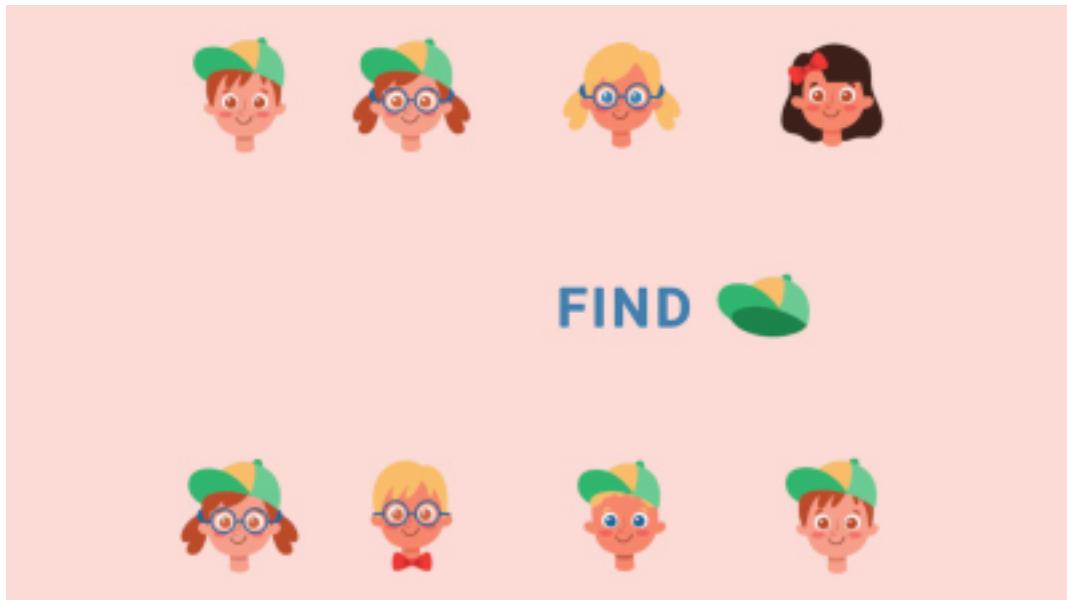

Games on the interactive floor are the perfect entertainment for children and adults, because they engage the whole body and encourage physical activity. The player has to inflate the balloon. This is done by waving as fast as possible over the sensor above.

## Colourful feathers

The player's task is to wave over the feathers to make them move. The more the player moves over the feathers, the more they start to move. The game can be played alone, by one player, or with the participation of many people.

## Find similar

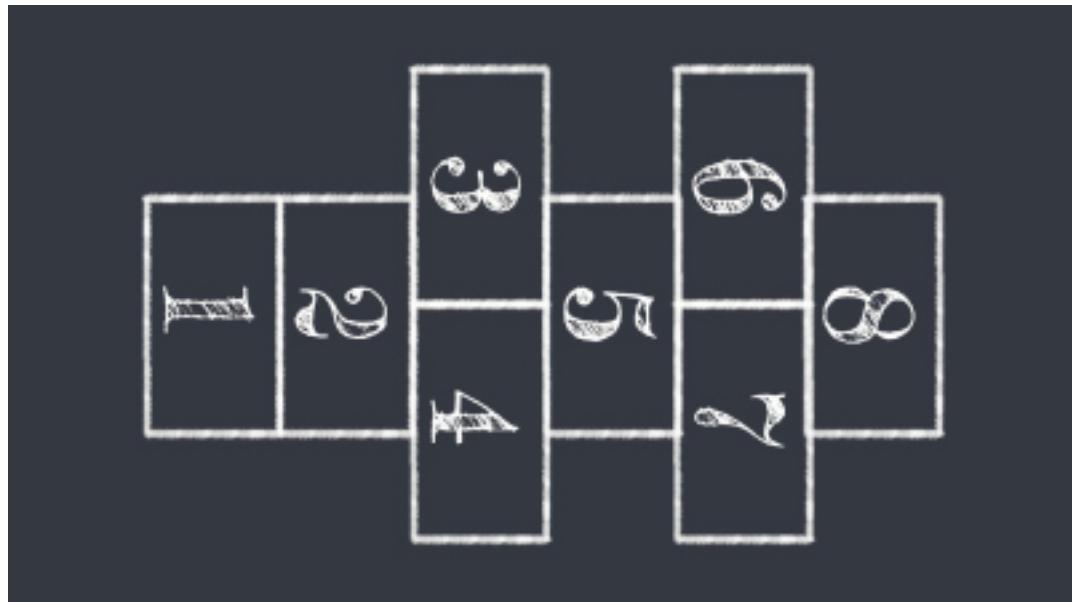

This is a fun and educational game for kids that helps them develop their observation and perceptive skills. There are several children on the board, each dressed in a different outfit. The player's task is to find all the children who are wearing a given item, for example, a red hat or glasses.

## Shapes maze

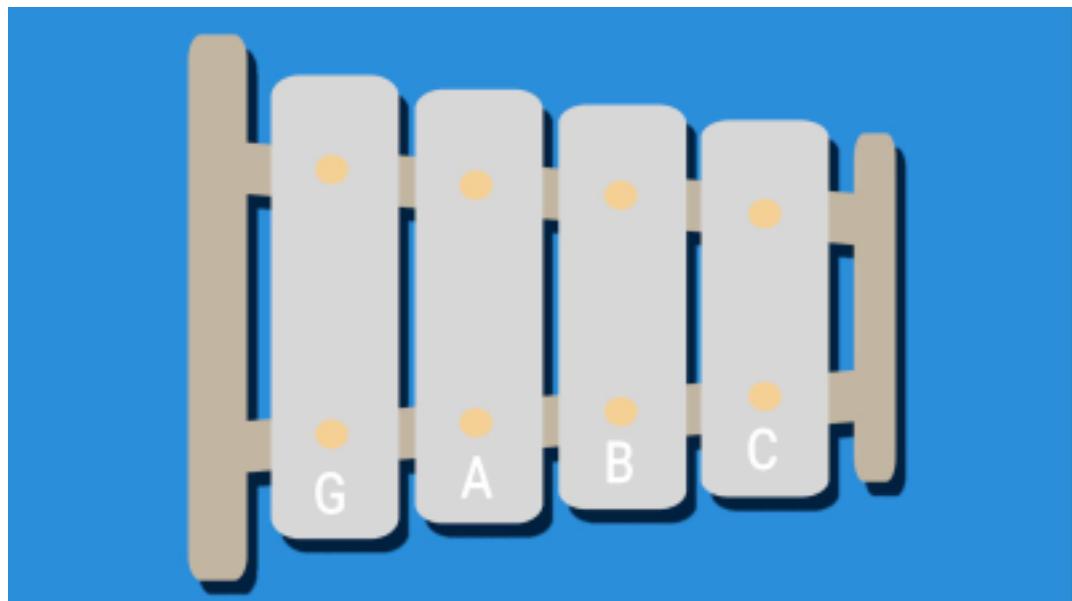

An arcade game that consists in controlling a bee and collecting shapes in a specific order. We control the bee using the displayed keys. Watch out for the Wasp King, who tries to prevent you from this quest.

## Hopscotch

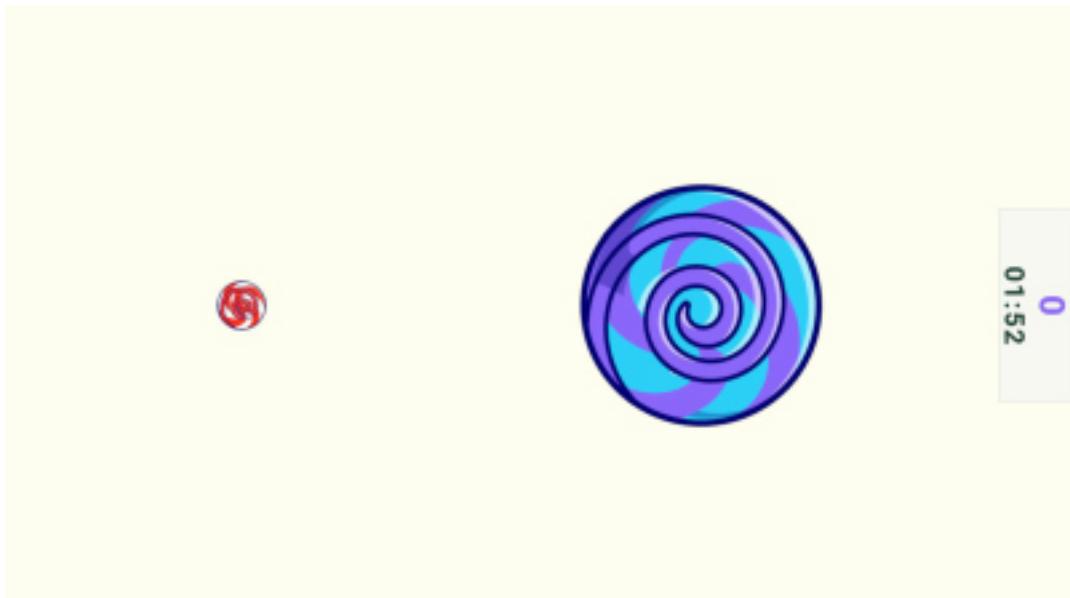

Hopscotch is a classic, dynamic and full of movement game that has gained popularity among children and teenagers around the world. The game, which is known from the backyard version, is now possible to play on the floor beneath you.

## Cymbals

Cymbals is an engaging interactive floor game that encourages creative play and sound exploration. It consists of keys, each of which produces a different sound when pressed.

## Lollipops

A rotating point will appear on the screen to which you need to attach the lollipops. The rules seem simple, but be careful, if you hit another lollipop, you lose. Develop your dexterity and improve your results

**EDUFLOOR**

Edu Package  
21 games

## Stone numbers

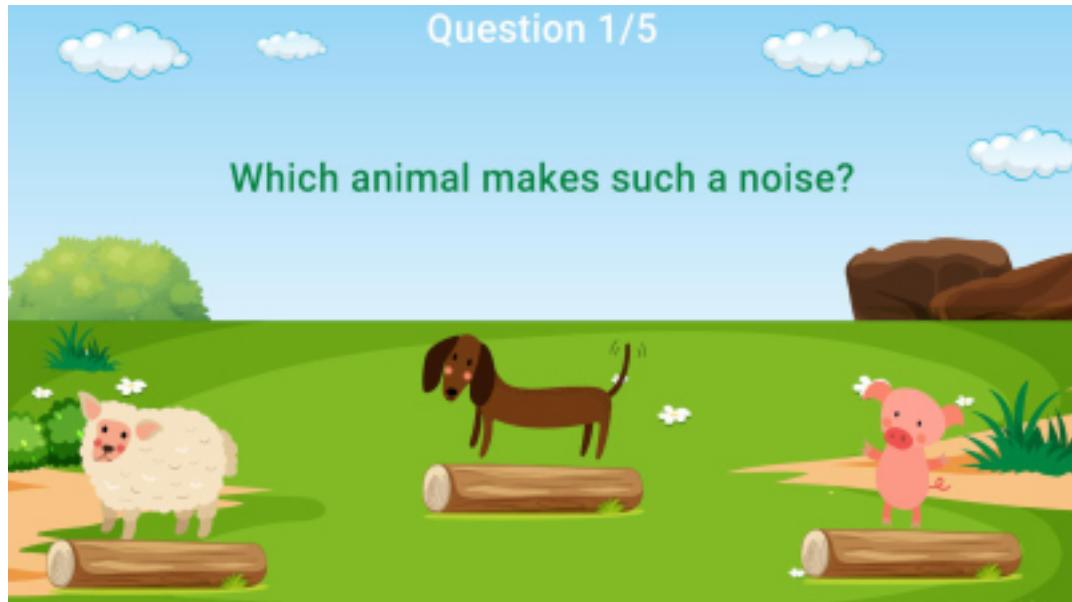

Different numbers appear on the stones. Take a look at them. The task for you is to jump on them in a proper order from 1 to 9. Focus, because it's easy to get confused.

## Stone letters

Do you already know the whole alphabet? Different letters appear on the stones. The task for you is to jump on them in such a way as to select them according to their place in the alphabet. It's a very difficult task. Can you name out loud the letters you jump on?

## Animal roars quiz

Do you know what sound a lion makes? Is it similar to the sound of a donkey? How do they differ? This app will help you recognize animal sounds correctly. Choose the appropriate animal whose sound you will hear from those presented on the board.

## Solar system

Go on a journey through the solar system, our cosmic neighbourhood. You will learn many interesting things about the planets, and more, of our system.

# Music instruments

Boom Boom Boom, woof woof woof...Do you know which instrument makes these sounds? We invite you to an adventure during which you will learn the sounds of various instruments. Try to remember them.

## Music instruments quiz

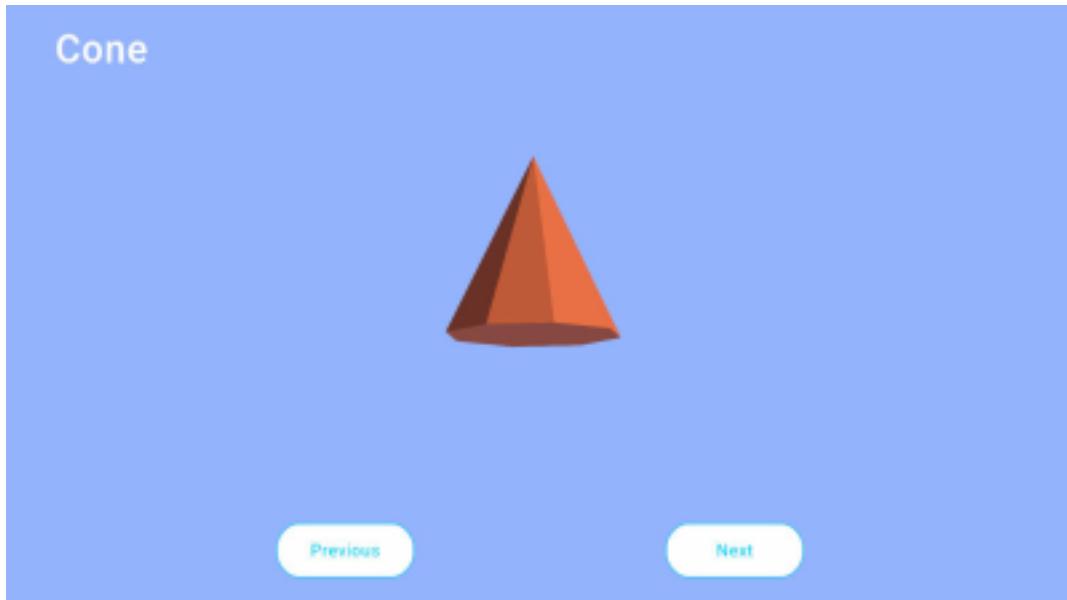

Question 1/5

Can you guess what instrument it is? Listen carefully

A teal rectangular background with a chalkboard in the center. The chalkboard has a wooden frame and contains the text "Question 1/5" at the top and "Can you guess what instrument it is? Listen carefully" in the center. Below the chalkboard are two musical instruments: a yellow saxophone on the left and a maraca on the right.

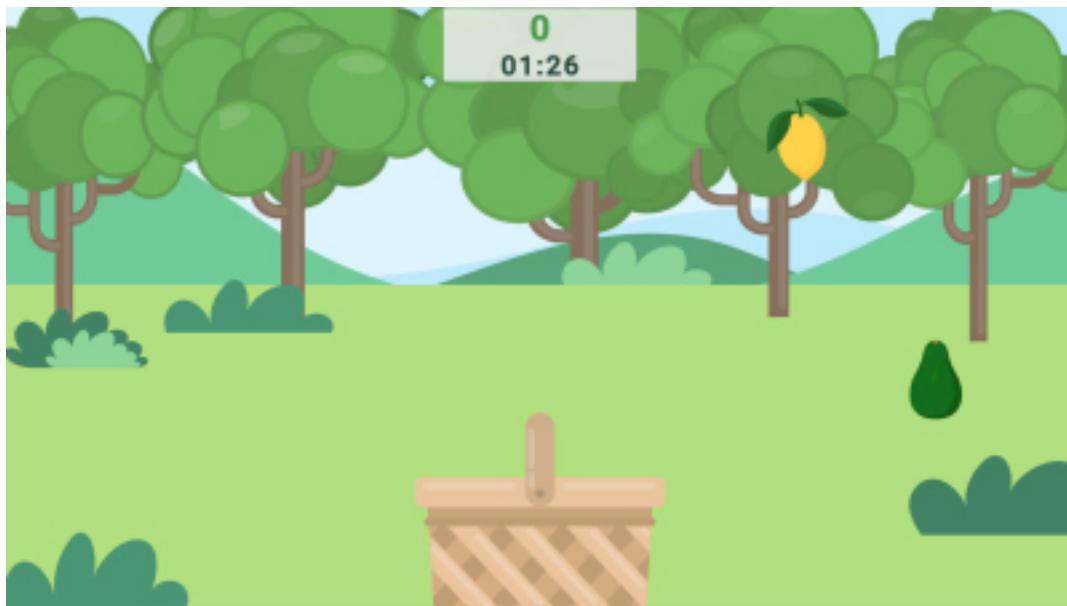

If you listened well to the sounds of different instruments, this game will be very easy for you! Your task is to point to the correct instrument whose sound you just hear. Try to answer quickly.

# Geometric Figures

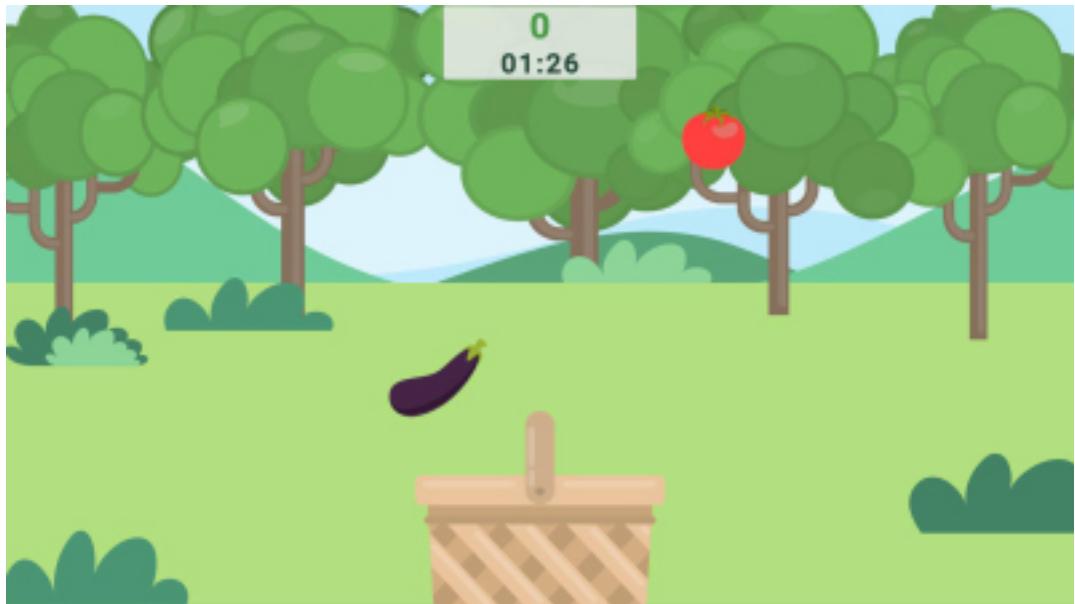

The world around us is made of various shapes and figures. Do you already know geometric figures? Do you know what a triangle or hexahedron looks like? Consider in a group where these shapes can be found?

## Fruit basket

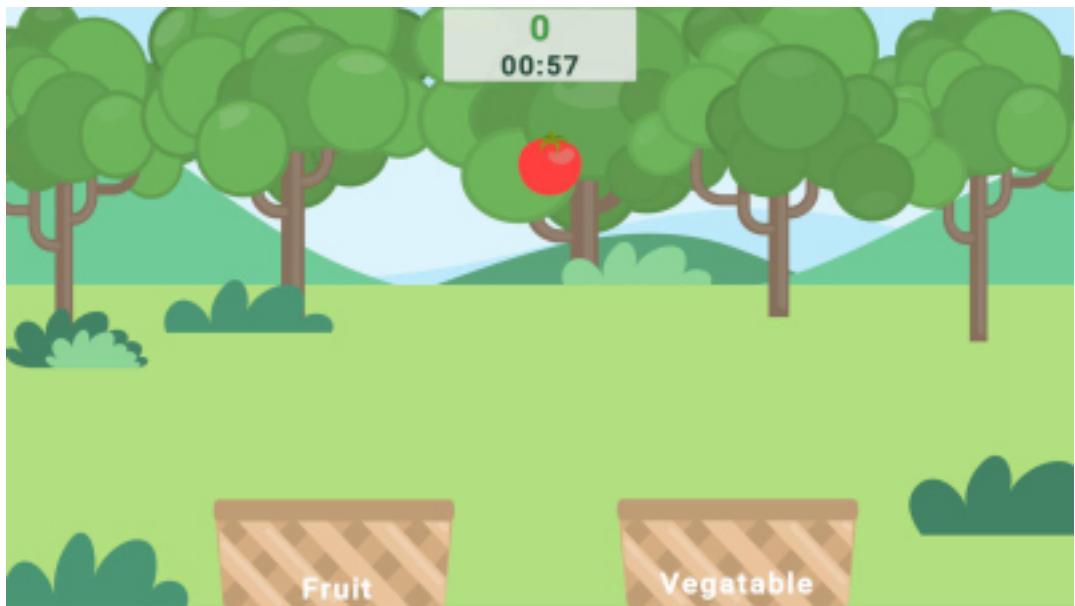

Autumn and summer is harvest time. However, here you can do it anytime. Try to put all the fruits in the basket. Did you make it? Do you know what fruits are in your basket? Do you know what time they are collected?

## Vegetable basket

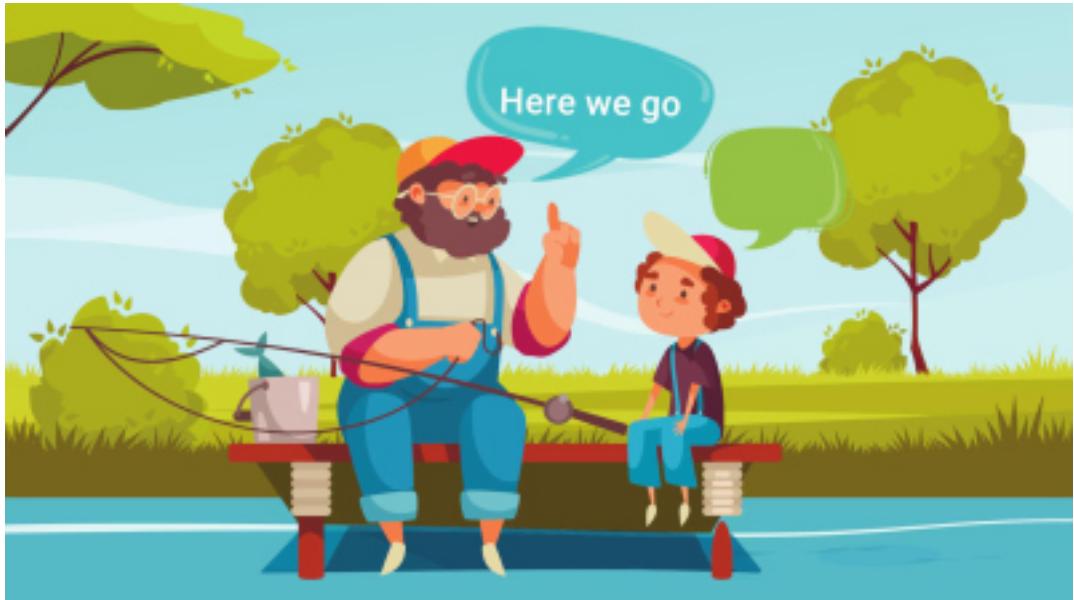

The goal of the game is to collect as many vegetables as possible from above. The player moves the basket from left to right to catch the falling vegetables before they hit the ground. The more vegetables you catch, the higher your score will be.

## Selection of vegetables and fruits

An educational game designed for children that helps them learn to recognize different vegetables and fruits and their features and properties. Simple rules of the game and colourful graphics make the game easy and fun and a great way to learn.

# Freshwater Fishes

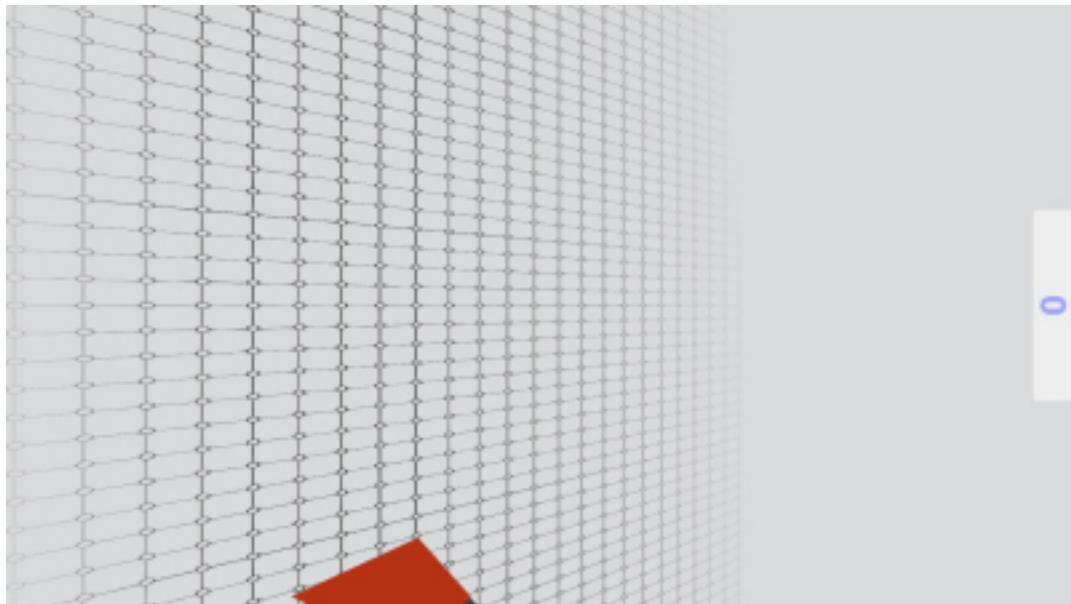

Fishing is fun, but before you go fishing, you need to know where they live and what they look like. Do you know fish? Did you know that some of them are predators? And others can weigh tens of kilograms and live for tens of years? We invite you to get to know fish!

## Colouring Book

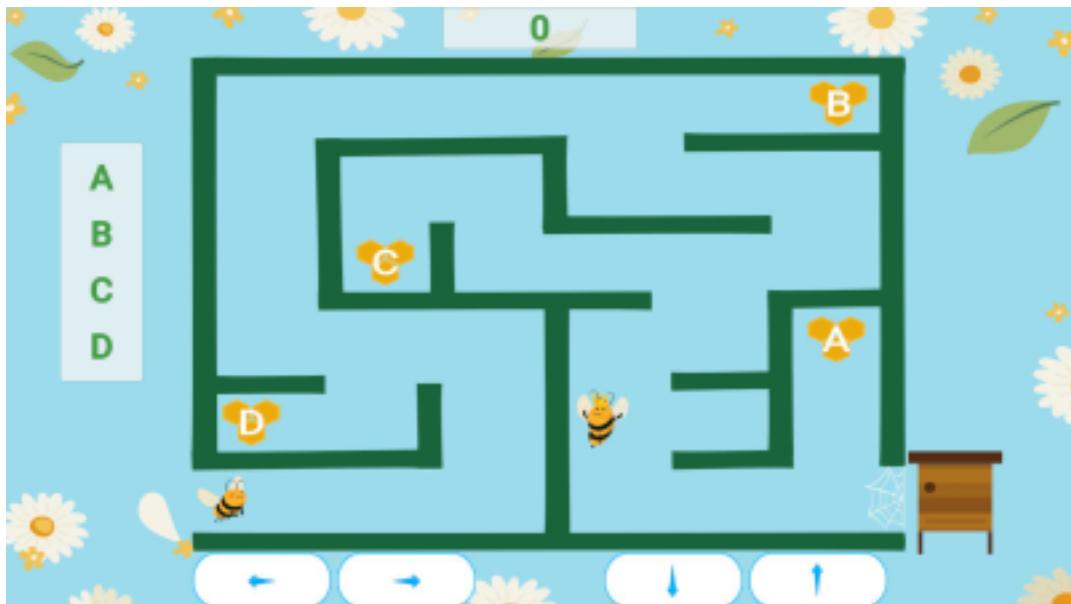

The evil wizard has cast a spell on fairy tales! They have been covered so that you do not know what fairy tale has been displayed. Try to remove the cover as soon as possible. If you guess what fairy tale you are discovering, say its title out loud!

## Single geometric figures

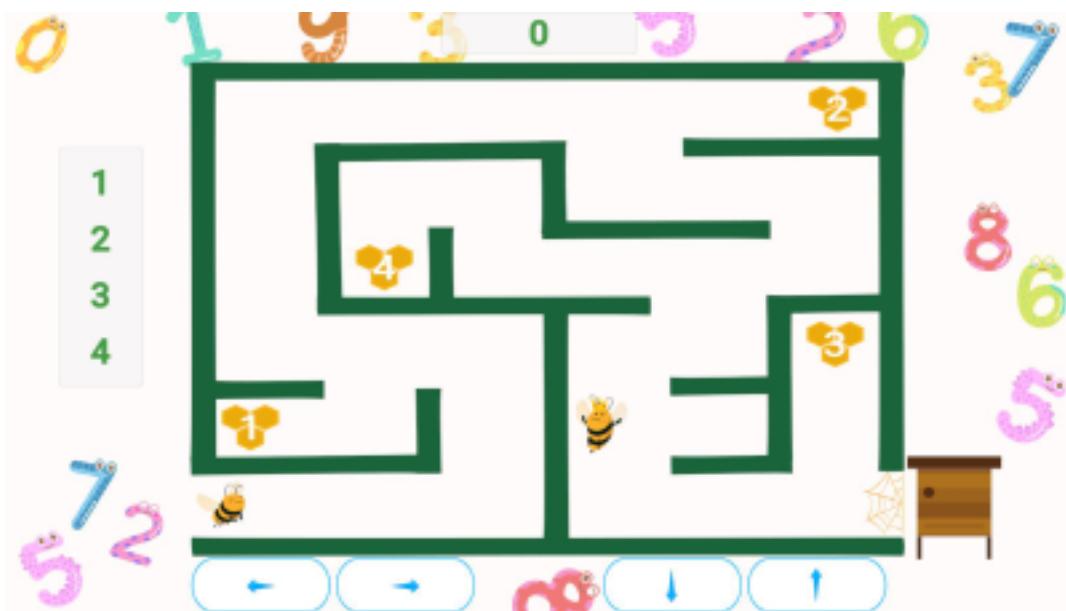

There are various types of geometric figures. They should be beaten. The game develops hand-eyecoordination. It can be made more difficult, e.g. by pronouncing the names or features of figures.

## Letters maze

An arcade game that consists in controlling a bee and collecting letters in a specific order. We control the Bee using the displayed keys. Watch out for the Wasp King, who tries to prevent you from this quest.

## Numbers maze

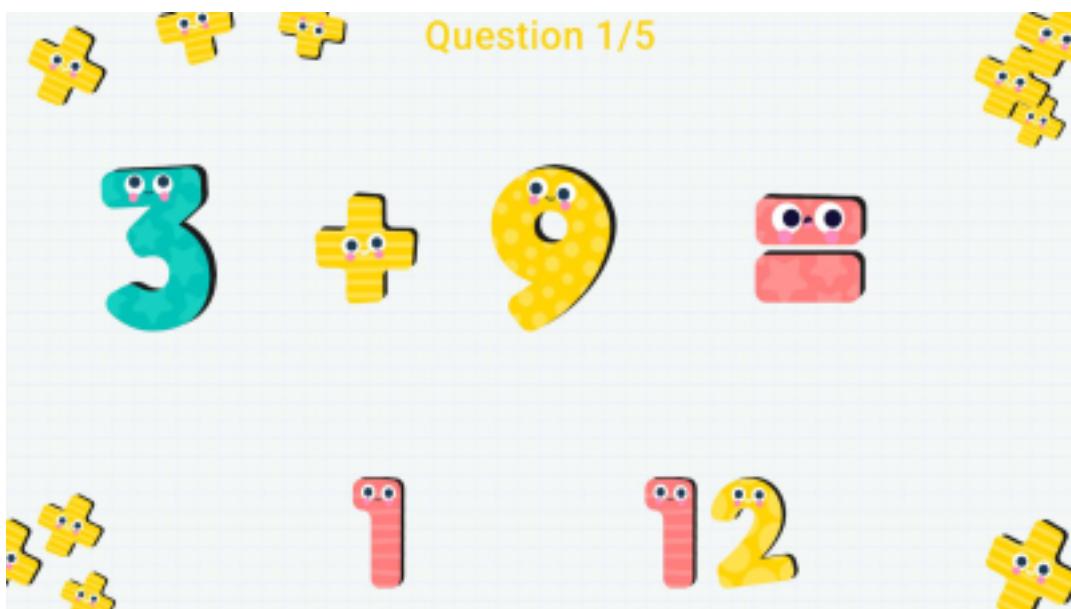

This is an arcade game that consists in controlling a bee and collecting numbers in a certain order. We control the Bee using the displayed keys. Watch out for the Wasp King who tries to prevent you from this quest.

## Colours maze

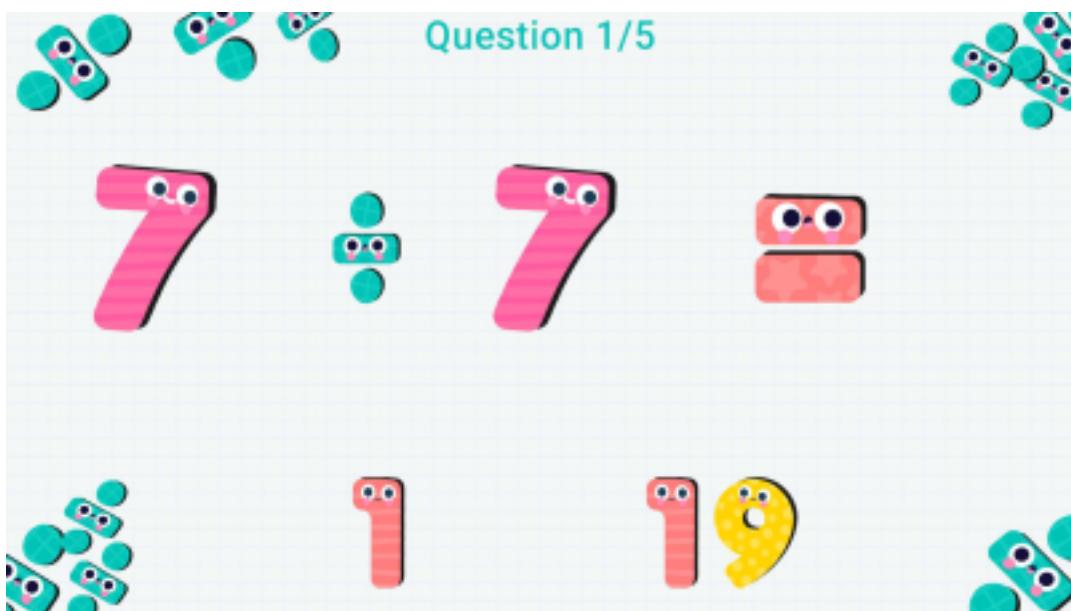

An arcade game in which you control a bee and collect colours in a specific order. We control the bee using the displayed keys. Watch out for the Wasp King, who tries to prevent you from this quest.

## Learning to add

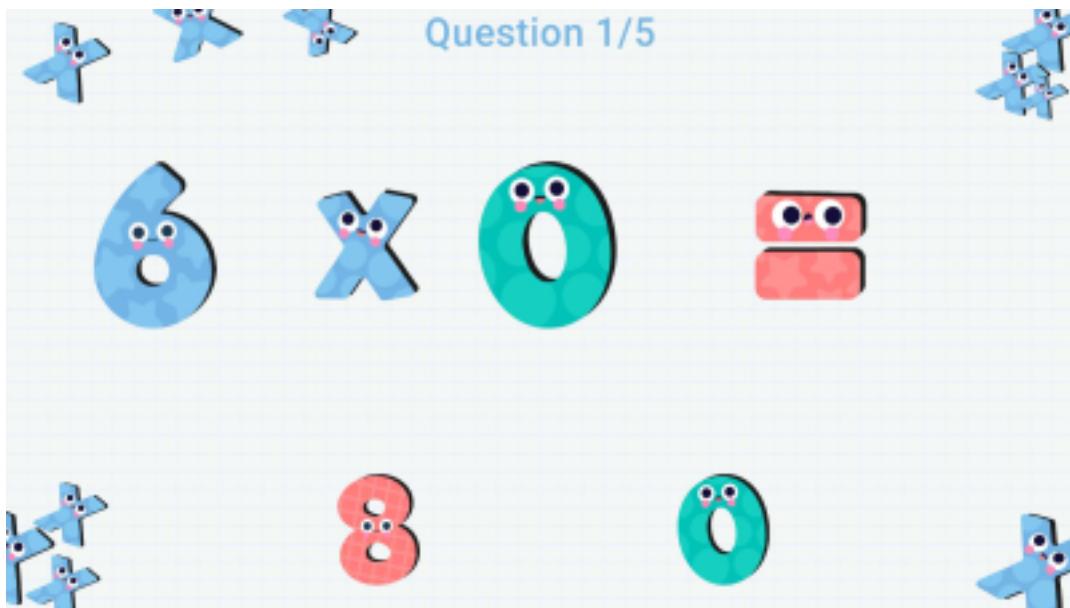

The "Learn to add" game is a simple and educational way to learn addition for preschool and elementary school children. The rules of the game are simple – the player must add the numbers on two fields and choose the correct result from the two proposed ones.

## Learning to divide

"Learn to divide" is an educational game to learn the more difficult maths operation, which is division. Intended for children of preschool and early school age. We must choose the correct result for the displayed action.

## Learn multiplication

Game "Learn Multiplication" an educational resource for learning the more difficult maths operation, which is multiplication. Intended for children of preschool and early school age. For the displayed action, we select the correct result.

## Learning to subtract

The game "Learn to subtract" develops maths and cognitive skills such as concentration, analytical thinking and problem-solving. Select the correct displayed result for the displayed action.

## Monster Brushing Teeth

It is a creative and educational game that encourages children to take care of their oral hygiene in a fun and interactive way. The player's task is to brush all of the monster's teeth.

## Color Quiz

Question 1/5

PINK

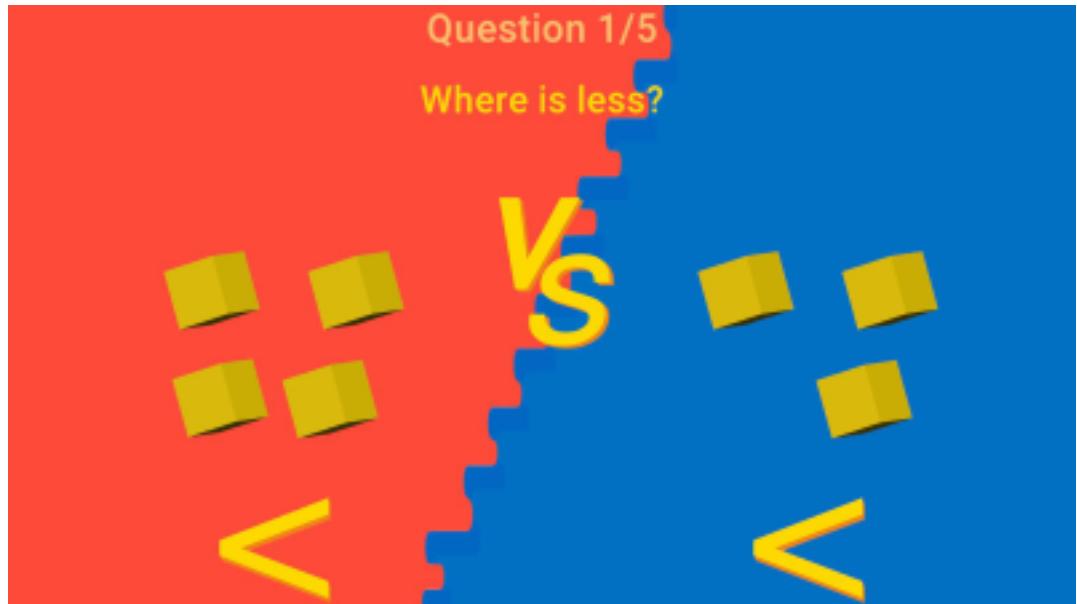

What color is the word?

PINK

RED

Did you know that dogs mainly see yellow, blue and shades of grey? Test your eyesight and choose the correct color of the inscription that appears in the middle of the board!

## Comparing numbers

The main goal of the game is to learn about the concepts of equality, majority and minority. The game develops mathematical skills in children

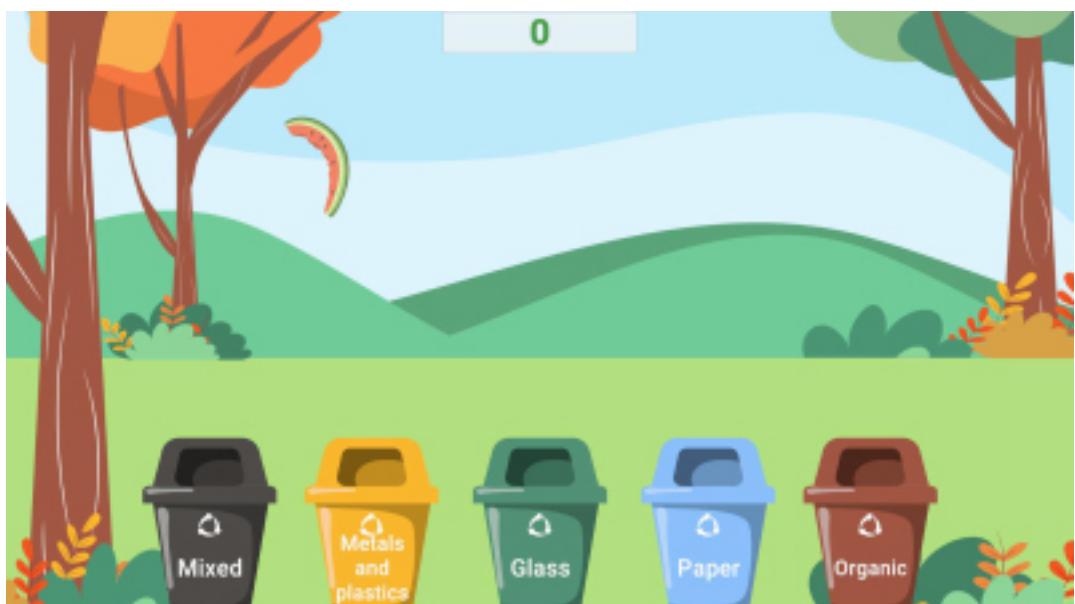

Eco Package  
10 games
